

Way It's Done, the Process

Legislation helps party's gombahs
& slams the other gang.

What to do? If too minority,
heed classy words of the immortal

vice president & Go fuck yourself.
Stronger? Then stick amendment on

which give your bunch a sop,
& cut a deal w/tormentors.

Thus does the majority give with one hand
& whomp with back of same, but eventually

flipping crumbs with the other. As Mother
asked, "Can you say thank you?"
